

## PUBLIC NOTICE

Nuclear Power and Energy Agency, NuPEA, has noted with concern over the increased number of scam cases brought to its attention regarding registration of suppliers and award of tenders.

The public and suppliers are being lured into believing that they have won tender through telephone calls and emails. The culprit behind this scam is allegedly calling himself Patrick working at NuPEA and the mobile number he is using is 0708793096 to demand bribes. The said person is not an employee of NuPEA.

The general public is therefore advised to be alert and vigilant. In this regard, the public is reminded that all communication from and to the Agency is done through formal letter and the telephone number below;
