

## QUALITY POLICY STATEMENT

NuPEA is committed to the development of nuclear power, and undertaking research and capacity building in the energy and petroleum sectors for socio-economic prosperity. In order to realize this commitment, NuPEA has established and implemented a quality management system based on ISO 9001:2015 requirements, statutory requirements and international guidelines for nuclear power development.

NuPEA has established quality objectives that shall be reviewed annually to ensure continual suitability and improvement. In addition, NuPEA has identified the risks and opportunities in its environment.

NuPEA shall ensure that this quality policy is communicated, understood and applied within the organization and to relevant interested parties, as appropriate.

This policy shall be reviewed at least once every three years.

CS JUSTUS A. WABUYABO, LL.M (UoN) CEO
